6<sup>th</sup> February 2018

Dear Mr. Naidoo

The above school takes this opportunity to thank you for the wonderful chess tournament that was arranged, but also for the manner in which my learners (MID and Deaf) were accepted.

It is the first time that MCK had taken part in a chess tournament of this nature, but more so, the first time that most of my learners slept in a Hotel and treated to special.

Through chess, and under the committed leadership of the teacher, Mr. Kamogelo Chilwane, the learners have adopted a sense of pride and self-worth evident in class and in all other learning areas. The recent chess tournament has positively contributed to this learners' positive self-image. Thank you!

Once again, my deepest appreciation for including MCK. It is our fervent hope that as a school, our chess team can grow from strength to strength and continue to work in partnership with you.

Much appreciated

M. Batchelor

(Principal)
